

Acting Management Officer
Office of the Comptroller

31 March 1954

Chief, Budget Division

Reallocation of Ceiling Slots in the DD/I Area

1. Memorandum dated 18 March 1954 from the Assistant to the Deputy Director/Intelligence (Admin.) requests that as a result of additional security requirements placed upon the Office of Scientific Intelligence as a result of its pending move to Barton Hall, the OSI ceiling be increased by three positions through the transfer of one each from OGI, OCD and OHR.

2. This Office has no objection to the transfer of these three slots, since the funds required for these positions are included within the respective budgets of the three offices concerned and can be transferred when required.
